Ontario Breast Screening Program, Champlain Region
Ottawa, Ontario
Canada

Tuesday, May 2nd, 2023

6:00 pm. (EST)

****Campbell Auditorium – St. Joseph’s Healthcare Hamilton, Juravinski Tower, Level 2 – Room T2202 ****

“BI-RADS Pitfalls”

At the end of this presentation, participants will be able to:

1. Identify the correct use of BI-RADS 3 for breast abnormalities.
2. Differentiate BI-RADS 3 from BI-RADS 4A lesions.
3. Describe the features of BI-RADS 5 lesions.

“Histologically Positive Rounds”

Date: Wednesday, May 3rd, 2023
Time: 7:30 am. (EST)
Location: Campbell Auditorium – Rm. T2202 - SJHH

At the end of this presentation, participants will be able to:

1. Summarize the most important findings of breast cancer on screening mammography using a case-based approach.
2. Review subtle and challenging cases that may be identified to avoid a delayed diagnosis of breast cancer.
3. Identify the most important performance indicators that demonstrate good quality of radiologists in screening mammography.

“The Missed Breast Cancer and the Unconscious Bias”

Date: Wednesday, May 3rd, 2023
Time: 12:00 pm. (EST)
Location: Campbell Auditorium – Rm. T2202 - SJHH

At the end of this presentation, participants will be able to:

1. Understand that medical errors in breast imaging are a common and substantial cause of morbidity and mortality.
2. Recognize the various cognitive processes that occur during interpretation that may help to improve awareness of unconscious biases and decrease the number of missed breast cancers.
3. Review the most common types of breast imaging errors.
